

NISSAN

PATHFINDER

INTRODUCING THE **MOST INNOVATIVE PATHFINDER EVER**

Over 25 years of legendary capability meets a brand-new generation of SUV. From climbing hills to climbing in, Pathfinder redefines it all. With an intuitive 4-Wheel Drive System that's more adaptable than ever. A revolutionary CVT transmission for seamless power. And once the trail is behind you, an Around View® Monitor that helps you grab a parking space right out front. Welcome to the Next Gen SUV.

FIRST CLASS COMFORT FOR ALL

That means more than just theatre-style seating for seven. It means best-in-class passenger room, including a 2nd row that slides over five inches for stretch-out room and the only 3rd-row reclining seat in its class. And with premium features like an available Dual Panorama Moonroof and standard Tri-zone Climate Control, this is one time where one size fits all beautifully.

TRI-ZONE CLIMATE CONTROL

DUAL PANORAMIC MOONROOF

OPEN A WORLD OF POSSIBILITIES

The Nissan Pathfinder's unique versatility comes to life in the design of the 2nd and 3rd rows with exceptional 3rd row access - thanks to large rear door openings and the EZ Flex Seating System featuring innovative "LATCH AND GLIDE" technology. With this system you can simply tilt and slide the 2nd seat forward and get into the 3rd row of seats, no effort required.

SMART TECHNOLOGY THAT PUTS YOU IN CONTROL

BLUETOOTH CONNECTIVITY

When you stream music straight from your smartphone with bluetooth connectivity, entertainment will always be along for the ride.

AROUND VIEW MONITOR

Parking has never been easier and safer with the rear view camera, giving you a 130-degree side-to-side view, and a 92-degree top to bottom view.

BOSE QUALITY SOUND

With a 2GB Music Server, 13 optimally placed speakers and Acoustic Waveguide technology, the Bose Premium Audio System fills the air with crisp, clear highs and rich, deep bass.

ADVANCED DRIVER-ASSIST DISPLAY (ADAD)

From fuel economy to caller ID and so much more. The 5" full colour screen gives you all the information you need directly in front of you, keeping you focused on the road ahead.

BLUE TOOTH HANDS-FREE PHONE SYSTEM

When the open road calls, your friends might too. With the Bluetooth Hands-free Phone System you have the versatility to make and receive wireless calls at the push of a button.

PUSH START BUTTON

No more fumbling for keys with the Intelligent Key in your pocket or bag. Once you're in the car, simply push the start/stop button and you are ready to go.

PERFORMANCE ON ANY TERRAIN

The Nissan Pathfinder features the latest generation of Nissan's VQ series engine - the most awarded V6 engine series in history. Delivering 190kW (260hp) of power, 325Nm (33kg-m) torque and 2,268kg (5,000lbs.) of braked towing capacity The Nissan Pathfinder gives you power on demand.

INTUITIVE ALL MODE 4x4-i

With the Nissan Pathfinder's Intelligent 4x4 intuitive system*, you've got a vehicle that's capable on-road and off. Choose full-time 2WD for maximum efficiency or switch on the Auto Mode which constantly monitors conditions and adjusts the balance of power between front and rear wheels for best traction. Challenging terrain? 4WD Lock Mode is your choice.

4WD TORQUE DISTRIBUTION

The Advanced Drive-Assist Display shows you Nissan Pathfinder's 4WD in action as it constantly distributes power between the front and rear axles, helping to give you the traction and control to reach your destination with confidence.

X-TRONIC CVT TRANSMISSION

Xtronic CVT transmission is a virtually gearless wonder. It ensures you have a wave of power when you need it and running low rpm for quiet, efficient cruising when you don't.

3.5 V6 Litre engine
194 kW of power
260 HP

MAKE ROOM FOR UNFORGETTABLE MOMENTS

Cargo?
The Nissan Pathfinder makes
easy work of it, with folding 2nd-
and 3rd-row seats that create a
virtually flat floor and up to 2260
Litres of cargo space.

INNOVATION THAT LOOKS OUT FOR YOU

HELPS THE DRIVER TO MAINTAIN COMFORTABLE DRIVING

Even when a risk has not appeared, Nissan technologies make it easier for the driver to maintain safe driving conditions. Some of these innovations reduce the driver's burden, while others enhance visibility and awareness of the immediate surroundings at night and when parking, for example.

HELPS THE DRIVER TO RECOVER FROM DANGEROUS CONDITIONS TO SAFE DRIVING

When a risk appears, warnings and automatic countermeasures help the driver avoid it.

HELPS MINIMISE THE DAMAGE WHEN A COLLISION IS UNAVOIDABLE

In cases when a crash cannot be avoided, additional Nissan technology helps reduce injuries and damage by activating the brakes, restraining passengers, and applying other measures.

REAR VIEW CAMERA

Select reverse and the 7" monitor instantly displays the view behind using the rear view camera.

ISOFIX

ISOFIX is an international standardized fitting system, and is intended to make fitting child seats quick and simple.

3-POINT SEAT BELTS

Every rear seat in the 2nd and 3rd row has a 3-point seat belt.

SEAT BELT PRETENSIONERS

Seat belt pre-tensioners on the front seats automatically tighten the seat belts in certain frontal collisions, while load limiters are designed to give a little to absorb the belt force load transmitted to the front occupants.

6 SRS AIRBAGS

Dual front, dual side and dual curtain SRS airbags will protect the driver and all passengers, 3rd row included, in the event of a front or side impact.

HILL DESCENT CONTROL (HDC)

Descend on a steep decline safely, as HDC controls the brakes for you, letting you focus on steering.

VEHICLE DYNAMIC CONTROL (VDC)

VDC automatically controls brake and engine output to enhance stability when sensors detect that the vehicle might slip sideways due to steering, braking or accelerator pedal operation.

TRACTION CONTROL SYSTEM (TCS)

To help prevent wheel slip on low friction surfaces, TCS responds by reducing throttle or applying brake pressure to help improve traction.

BRAKE ASSIST (BA)

Senses emergency braking and automatically helps to apply maximum braking pressure if needed.

ANTI-LOCK BRAKING SYSTEM (ABS)

In the event of an emergency situation, ABS ensures maximum brake force is applied and maintains control by preventing wheel lock-up.

ELECTRONIC BRAKE FORCE DISTRIBUTION (EBD)

Enhances braking control, to optimise braking performance with loads of various weights.

SAFETY SHIELD

In the commitment to "Real World Safety", Nissan pursues innovation as part of its Safety Shield concept. Based on the idea that cars should help protect people, advanced, proactive safety technologies help driver and passengers to avoid danger and injury in a wide range of circumstances. 3.5 BASE

POWERTRAIN

- CVT Transmission
- 194kW & 325Nm

EXTERIOR

- Automatic halogen headlamps
- 18" Alloy wheels
- Roof rails
- Privacy glass with UV reduction
- Manual folding & electric operated door mirror
- Anti-theft immobilizer and hood lock alarm

INTERIOR

- Steering switch control - Audio(w/light) + ASCD (w/ light) + meter display
- Tri-zone Climate Control
- Radio/CD/MP3/DVD & HDD/ USB and iPod connectivity with 6 speakers and speed sensing volume
- EZ Flex seating system with LATCH AND GLIDE technology
- Cloth seats
- Silver and black cluster and door finish
- Manual anti-dazzling rearview mirror

SAFETY & TECHNOLOGY

- Vehicle Dynamic Control, Hill Start
- Assist(HSA)
- Intelligent ALL MODE 4X4-i
- Intelligent Key with Push Engine Start
- Cruise control

3.5 SV

IN ADDITION TO THE 3.5 BASE MODEL

EXTERIOR

- Dual panel moon roof
- Heated, manual folding & electric operated door mirror
- Front fog lights

INTERIOR

- BOSE Radio/CD/MP3/DVD & HDD/ USB & iPod connector with 12 speakers and speed sensing volume
- Leather steering wheel with power steering, electric telescopic and tilt function
- Electric anti-dazzling rearview mirror with compass
- Foot well lamp, front door indirect lighting and welcoming light
- Leather seats
- Driver and front passenger heated seats
- Passenger seat electric 4-way slide and recline
- Silver and wood cluster and door finish
- Kicking plate stainless steel - front and rear

NISSAN
AFTERSALES
OUR PROMISE. YOUR EXPERIENCE

AT NISSAN WE KEEP OUR PROMISES AND TAKE CARE OF OUR FAMILY

Servicing and repairing your Nissan at an authorised Nissan dealership is the way to go. Our Nissan technicians are highly trained specialists that know your Nissan better than anyone. They will use Genuine Nissan Parts, Genuine Nissan Accessories to ensure quality, reliability and to keep your vehicle performing to optimum standards. Nissan aims to keep you and your vehicle on the road with total peace of mind - for as long as possible. That is the Nissan Aftersales commitment.

SPECIFICATIONS

MODEL AND GRADE		3.5 BASE	3.5 SV
ENGINE			
Engine type		V6 (engine code: VQ35DE)	
Max power	kw (hp)	194 (260) @ 6400rpm	
Max torque	Nm (kg-m)	325.4 (33) @ 4400rpm	
Number of cylinders, configuration		6, V6	
Valves per cylinder		4	
Air intake system		Natural Aspiration	
Engine capacity	cc	3498	
Bore x Stroke	mm	96 x 81	
Compression ratio		10.3:1	
Combustion principle		Electronic (direct ignition)	
Fuel type		Petrol	
Fuel tank capacity	litres	74	
Fuel supply		Multipoint, manifold injection	
TRANSMISSION			
Transmission		Continuously Variable Transmission (CVT)	
Gear ratio		2.371-0.439	
Reverse	R	1.766	
Final gear ratio		5.173	
DRIVE TRAIN & CHASSIS			
Drive configuration		Intelligent ALL MODE 4x4-i with electronic 4WD selection & lock mode	
Front suspension		Independent strut front suspension	
Rear suspension		Independent multi-link rear suspension	
Front and rear stabilizer bars		Standard	
Electronic hydraulic power-assisted speed-sensitive steering		Standard

Privacy glass with UV reduction		Standard	
Manual folding and electric operated door mirror		Manual folding	Heated, manual folding

Nissan's commitment to the environment

Nissan's environmental philosophy embraces people, vehicles and nature. In the pursuit of a sustainable mobile society, the Nissan Green Program aims to reduce the environmental impact of Nissan vehicles at every stage of the vehicle life cycle, while corporate activities address environmental challenges.

Nissan's commitment to quality: to provide all customers with a consistently high level of quality, Nissan applies the standard worldwide, to ensure that all Nissan owners enjoy peace of mind for the lives of their vehicles. The approach is based on quality from the customer's perspective on three key elements: 1. The expectation of a smooth driving experience with complete peace of mind. 2. The intangible appeal of a vehicle, its power to captivate and excite, with features that capture attention and imagination. 3. The level of attentiveness and service during the sales process, and long after the sale is concluded.

MODEL AND GRADE		3.5 Base	3.5 SV
COMFORT AND CONVENIENCE CONTINUED			
Interior rearview mirror		Manual anti-dazzling	Electric anti-dazzling with compass
